“ The Creekside staff are the best! They are attentive to each resident, they care for each person and make sure they are included in all activities each resident enjoys, and they are so caring of everyone living here in The Creekside. I am so happy we moved our mom to her one bedroom apartment here, and happy that mom is saying, “I’m home” now after three months after living here. **What a blessing this staff has been** to my mom, and our families. They are accepting, welcoming, and inclusive in every aspect of The Creekside. ”

-Valerie P.

“ My mom has lived at Creekside for seven years and **absolutely loves it!** This is due to the amazing staff they have in all areas. They go above and beyond to make sure the residents’ needs are taken care of and that they are enjoying themselves. They also have great food and a lot of fun activities. With this being a smaller facility, the very involved staff and happy residents make it feel like a family and an enjoyable place to live. ”
